## WARN ARGUMENT AT SHILOH REUNION

Veterans Disagree as to Whether Union Army Was Surprised in Crucial Battle.

Tht oft disputed question as to whether the battle of Shiloh was a complete surprise or not caused considerable controversy at the campfire of the Survivors of Shiloh at Plymouth of the Survivors of Shiloh at Plymouth Congregational church last evening. Five-minute speeches were made by the veterans, giving their reminiscences on the subject. From the contrary, opinions expressed the argument at times grew so hot that the chairman threatened to adjourn the meeting.

Commander H. M. Minor of Denver grade of Shiloh as one of the critical

spoke of Shiloh as one of the critical battles of the civil war. Had the con-federates been successful Grant would have been driven into the Tennesses and the result of the war might have been different. He praised the object of the Shiloh association and looked ferward to the time when both the union and confederate survivors might meet and fraternize. They would thus be able to straighten out many important points of the fight which are not

clear.

A declaration that the history of Shiloh had been written wrong was made by L. Kinkead of Des Moines, who was in the Eighth Iowa during the fight and was a member of the Iowa commission appointed by the governor to investigate the story of the battle. He said that the confederate attack was a complete surprise.

A. P. Lowry of Oklanoma, a member of the Sixth Iowa, and other veterans from the Second Iowa and Eighty-first Ohio, agreed with him. This brought other old soldiers, holding opposite opinions, to their feet, and for several minutes the chairman's gavel was pounding in vain for order.
The meeting finally came around to the opinion that "some parts of the army were surprised and some parts were

"Wirz himself looked exactly like Guiteau, the murderer of Garfield."

Captain Jack Crawford, the poetscout, was present and took the audience by storm in one of his characteristic speeches. "This is the most glorious day the Grand Army of the Republic ever experienced," he said, "and this encampment is the most glorious reception it ever received in Minneapolis or any other city." He recited his famous poem, "The Veteran and His Grandson," which he wrote in Corporal Tanner's home many years ago.

"The Pennsylvania Roundheads." William Greer of Macon City, Mo., tells how his regiment, the famous Pennsylvania Roundheads, secured the name. When the regiment was organized in September, 1861, Governor Andrew G. Curtin withheld its number until ninety-nine others had been formed and then named it the One Hundredth, to give it, as he said, a round number. This distinguishing mark was given because all of the line officers of the regiment were veterays of the Mexican war. When the regiment later became famous it was called the Roundhead troop, both because of Governor Curtin's remark and because of the existence of an English troop of that name in the Crimean war.

War Musicians Save the Old Tunes.

The National Association of Civil War Musicians, composed of the buglers, drummers and fifers who saw service in the rebellion, are in hopes that the present encampment will recognize them as the official musicians of the organization, which means that in all departments and in all grand encampment parades their position shall in all departments and in all grand en-campment parades their position shall be in the lead. Already the depart-ments of Ohio and New York have re-ceived them into their bodies as the official department musicians.

The association, which was organized in 1892, now has a membership of about 600. An important object of the asso-ciation is the preservation of the old patriotic fife and drum tunes which were popular during the revolutionary and civil wars. To that end a booklet containing the music and words of more containing the music and words of more than a hundred half-forgotten tunes has been compiled and published by A. F. KING BREAKS HIS ARM

Champion of Good Roads Falls a Victim to Wisconsin Highways.

Special to The Journal. La Crosse, Wis., Aug. 16.—Sidney J. King, New York, representing the Motor Guide and League, arrived here today in an auto on his way from Chicago to Minneapois, picking a road for the automobile associations. When within ten miles of La Crosse he broke his arm in an accident.

His business is to promote good roads legislation in the states thru which he travels and he says the prospects are bright for a strong movement in this direction. His accident will delay his trip to the twin cities.
