UNION ORDER OF BATTLE

Notes: The purpose of this listing is to represent all the Federal forces that played a role in the Atlanta Campaign. As such, this order of battle is not a "snapshot" of any specific time. Since there were many reorganizations, additions, and deletions as the campaign wore on, the criterion became simply to list each organization and unit as organized at the beginning of the campaign, or its initial assignment when it joined the campaign. To do total justice to the presentation, separate listings should be given for each major engagement. However, not having the time at present to devote to such an undertaking, it is hoped that this campaign order of battle will be of at least some use to the reader.
